Informed Consent for Telehealth Consultation

To serve the needs of people in the community, health care services are now available by interactive video communications and/or by the electronic transmission of information. This may assist in the evaluation, diagnosis, management, and treatment of a number of health care problems. This process is referred to as "telemedicine" or "telehealth." This means that you may be evaluated and treated by a health care provider from a distant location. Since this may be different from the type of consultation with which you are familiar, it is important that you understand and agree to the following statements.

1. I understand that my health care provider recommends that I engage in telehealth consultation ("consulting provider") with Great Mines Health Center.

2. I understand that the consulting provider will be at a different location from me. A health care provider ("presenting provider") may be present with me in the room to assist in the consultation.

3. I understand that I have the option to refuse telehealth service at anytime without affecting my right to future care or treatment and, if applicable, without risking the loss of or withdrawing from my participation in the MO HealthNet program.

4. I understand that there are alternatives to this telehealth consultation. I may have the option to travel to see the consulting provider, or I may refuse to see the consulting provider. Pathways has fully explained the alternatives to me.

5. I understand that I have the right to access my medical history, examinations, x-rays, tests, photographs or other images ("my medical information") related to this consultation.

6. The presenting provider may transmit or share electronically my medical information with the consulting provider who is at a different location. I consent to this transmission, but I can request that my medical information not be sent to the consulting provider if I make the request before my medical information is transmitted.

7. The consulting provider may store or retain my medical information to comply with any applicable state or federal records retention requirements, but may not store or retain my medical information beyond these limits without my written permission.

8. I will be informed if any additional personnel are to be present with me in the room or in the room with the consulting provider. I will give my verbal permission prior to the entry of the additional personnel, and I can exclude anyone from being resent at any time during the consultation.

9. I understand that I have the right to be informed of and to object to the videotaping or other recording of this consultation. I acknowledge that Great Mines Health Center has explained the telehealth consultation in a satisfactory manner and that all questions that I have asked about the consultation have been answered in a manner satisfactory to me or to my representative.

Understanding the above, I consent to the telehealth consultation described above.
